The good cow is back of all our Shoes.  
You know what that means—strong, durable leather, shoes that look neat and retain their shape.

Then, besides insisting on best quality materials, we looked for the best manufacturers to make the shoes.

For Men's Shoes we sell the "Walk-Over," "Co-operative" and "Elite."

In Women's Shoes the "Walk-Over" and "Utz and Dunn." The latter line is a fine, new one we've just added to our stock.

ANOTHER POINT:  
The government has not had to regulate the price of our shoes. They have been selling under the government standardized prices right along.

This is a store where you do not need the assistance of the United States Government to get honest values.
